IN SHAPE

To Furnish Much Gas Is The Ohio Fuel

(Columbus Journal)
That the Ohio Fuel Supply Company will be in shape by winter to supply all the gas which its consumers will need, is being shown by the big construction work planned for the coming summer. The United Fuel Gas Company, of the West Virginia subsidiary of the local company, is now ready to begin work on one of the largest construction contracts attempted in West Virginia.

The company will lay an 18-inch main from the Cabell-Putnam County line through the Roane gas field into the Calhoun County District. It is estimated that the main will cost \$20,000 a mile and that it will require a force of 1500 men six months to complete it. All the rights of way for the main have been secured and work on it will begin at once. For over four months, all the natural gas distributed in Columbus by the Federal Gas and Fuel Company, the local distributing subsidiary of the Ohio Fuel Supply Company, has come from West Virginia through the 18-inch main completed to the Calhoun county fields last winter, the gas being produced by the United Fuel Gas Company.

Lion Fondles a Child

In Pittsburg a savage lion fondled the hand that a child thrust into his cage. Danger to a child is sometimes great when least regarded. Often it comes through colds, croup, and whooping cough. They stay thousands that Dr. King's New Discovery could have saved. A few doses cured our baby of a very bad case of croup," writes Mrs. Geo. B. Davis, of Flat Rock, N. C. BIBLE

Institute Growing In Interest At Each Session

Mr. Turner Instructs Large Number On Tuesday

(Manassah News)

Interest in the Bible institute is increasing with each session. There were about twenty adults at the afternoon class on Tuesday and 65 at the children's meeting. The children are going to show the people of Mt. Vernon that the days of Bible study and Bible knowledge are not past, but that young folks are just as capable and willing to study the word as at any time in the history of the church.

The study of the first chapter of Genesis, by a large audience at the evening meeting was no less than intensely interesting. There were more present than at the Monday night meeting and every one seemed to feel that the opportunities of being under the leadership of Mr. Turner, for these few days, are very great ones. The explanation of the great periods of time and the creation of the world and man was clear and very instructive.

Tonight Mr. Turner will continue the study of this same book, but will go a bit more into detail relative to the writings. The interest being shown by the leading Bible students of the city, such men as Rev. J. T. Black, Dr. Colville, L. J. Minard, Robert Levering, C. W. McKee, H. S. Campbell, Z. E. Taylor and S. J. Simons, is such as to insure that there will be realized for this community a great advance along Bible study lines throughout the community. Again let it be urged that these meetings are open to the entire community, irrespective of church affiliation, creed or belief. Mr. Turner has no hobbies to ride, but is simply presenting the scriptures.
